GETTER ROBO HIEN VOL 1 CH 1
TRANSLATED BY: ANONYMOUS

Editor's Note **9 April 2008**

It turns out that completely redoing a chapter you've already done is tedious and exhausting. Go figure, right? Onward to chapter 2.

Not much has changed, but I am working with a translator for chapter 3, and I'm currently in negotiations for a translation of chapter 4. Bad news is that I'm still paying. did you know I'm going to graduate college in a month and have no job yet? Save me internets!! >.<

Shouts to Zombietoaster on HoM (enjoy the title page), the /m/en keeping me motivated, my translators, my bro Pedoleon/Chosen, and the scanlation community in general.
